About

Launched in October 2015, SwitchMed Connect is an annual gathering of Mediterranean stakeholders to build synergies, exchange knowledge, and scale up eco and social innovations. Annually, leading start-ups and entrepreneurs, industry agents, change agents, policy and financial institutions working on applications of productive, circular and sharing economies in the Mediterranean come together in Barcelona.

Call for Contributions

We are now shaping the agenda of the SwitchMed Connect 2016, which will feature a unique blend of expert discussions, entrepreneurial stories, good cases and hands-on applications.

This year, we welcome proposals to collectively create the agenda. If you are interested in suggesting speakers, sharing project experiences, presenting your business ideas and organising sessions we would love to hear from you!

For additional information on how to submit your proposal, please visit www.switchmedconnect.com. The submission period will be closed end of May.

There are also other ways to participate. If you would like to collaborate with us please contact us.
